This year's activities featured many "Picture Perfect" people. Pride Week was the highlight of this year's football season. The Pride Court queen and her court looked perfectly beautiful for the presentation at halftime. PJ's football players had a nearly perfect season. The Panthers celebrated with big wins over Magnolia and Gautier. The spirited cheerleaders were the perfect complement for the sports teams at PJ.

The members of the annual and newspaper staffs tried their best to capture some picture perfect moments for the students to remember about the 1994-1995 school year.

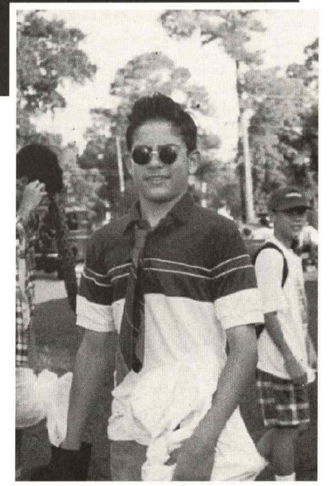
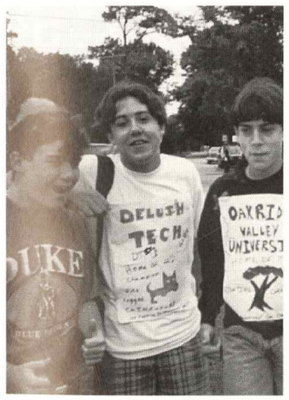
PRIDE WEEK





This year PJ students showed up for Pride Week events looking "picture perfect." Pride Week got off to a spirited start with College Day. Teachers wore clothing supporting their alma maters, and students wore the logos of their favorite teams. For the second day, the students enjoyed Twin Day. Twins, triplets, and even quadruplets attended classes at PJ. Some teachers even took part in the dress-alike activities. On Wednesday, many took time to flash to the past for Hippy Day. Students wore bell bottoms, love beads, and peace signs as they roamed about the campus. Thursday was Red, White, and Blue Day. Students wore these colors in support of their respective grades. That night during halftime festivities at War Memorial Stadium, Shequelia Preyear was crowned 1994 homecoming queen. The seventh grade was awarded the spirit trophy for having the most students participating in the week's activities. The varsity team scored a major victory and defeated George County 20-6 in the homecoming football game. Pride Week came to an end on Friday with Tacky Day. Clashing colors and clothes from the '80's were the dress of the day. The week came to a perfect close with the homecoming dance on Saturday night.

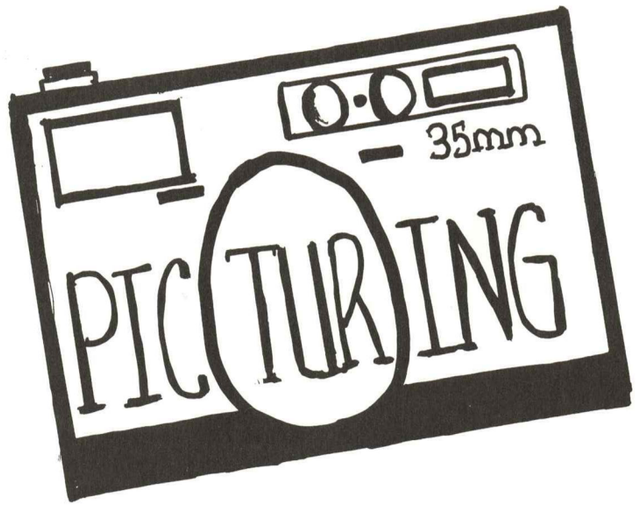
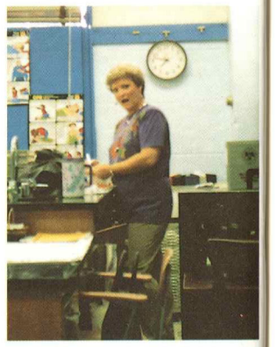
DEDICATION



Mrs. Trisha Buckner



The annual staff of Pascagoula Junior High is proud to dedicate the 1995 edition of the *Panther Paw* to Mrs. Trisha Buckner.

Mrs. Buckner, an educator for the past twenty years, teaches health and physical education. In addition to her regular teaching assignments, Mrs. Buckner coached PJ's girls' basketball teams for many years. This year she has the spirited job of sponsoring the cheerleading squads for the Panthers.

Mrs. Buckner is a favorite with her students because she has a great sense of humor. She is known for her understanding and her ever-present, friendly smile. Her positive attitude toward everything carries over into her classes and to her students.

Mrs. Buckner has an outstanding ability to work with the students by showing a genuine care and concern for them. In some small way, the staff hopes that this dedication shows Mrs. Buckner how much the students appreciate her many efforts to make PJ a more perfect place to be.

PICTURING

The clubs at PJ had a "Picture Perfect" year as members participated in various activities. The new members of Beta Club made quite a show as they took part in the initiation festivities. The student body joined the members of the Student Council in supporting the Thanksgiving canned food drive. It was fun to picture Ms. Mosley as the "Teacher Turkey" doing the tootsie roll before school to the delight of the students. The members of Teen Connection sponsored the "Red Ribbon Week" events to make students more aware of the problems of drug and alcohol abuse. The members of FCA enjoyed the many guest speakers and programs at the Thursday morning meetings. The members of Tri-M honor society sold and delivered "Turkey Grams," the perfect Thanksgiving greeting. Students involved in the Peer Helper program made PJ a more perfect place by talking to students with problems, tutoring students needing academic help, and going on individual retreats. The clubs and activities at PJ offered the students the perfect opportunity to enjoy this school year even more.

Friends!

The Peer Helper program at Pascagoula Junior High School was started in 1985. The goal of the program has been to help students learn to deal with problems. Under the direction of PJ counselor, Herb Brown, the program has an average size of twenty students per year. The members meet once a week while they are being trained and then meet throughout the school year as needed. The members are prepared to be good listeners because students with problems will naturally seek out other students whom they feel they can trust or go to for advice. Peer Helpers do not try to boss people around, judge them, or put them down. During the school year, the members host many different activities to help make the adjustment to junior high easier.

Tri-M is a music honor society that has been formed in an effort to strengthen PJ's music program and help all music students reach their music potentials. It also helps to encourage the instrumental and vocal music students to work together towards the same goals. The society has been initiated to give a challenge and inspiration to the students and to focus public attention on the school's music program. Tri-M supplies a newsletter which recognizes the members and the good deeds they have done. It also provides information on chapter activities and current events and provides for an exchange of ideas.

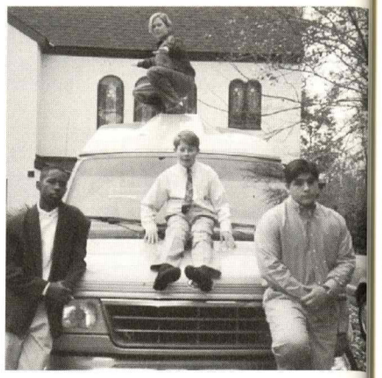
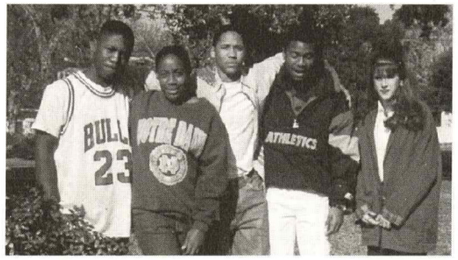
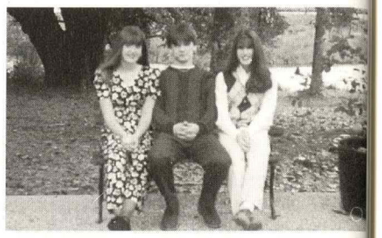
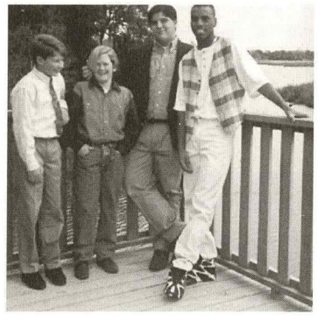
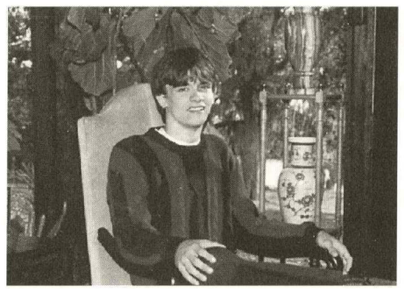
PICTURING Who's Who

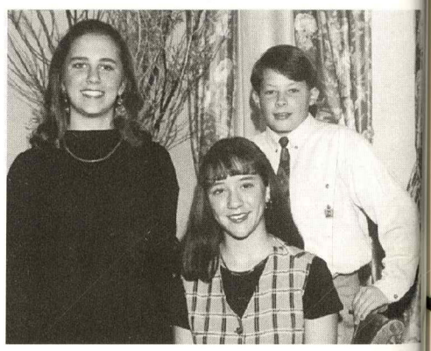












The Who's Who elections saw many students chosen by their classmates as "picture perfect" in each of the categories. The students were nominated in each of the sorter groups, and the top nominees were placed on the school ballot. Each student then cast a vote for a boy and a girl in each category and for grade-level class favorites. The students waited nervously for the votes to be counted and the winners to be announced. The teachers also had a part in the election as they cast their votes for Most Outstanding from the students in the freshman class. The pages which follow show the winners in their individual categories. Hopefully they highlight some "picture perfect" students who represent the best of PJHS for 1995.

PICTURING FACULTY

The faculty and staff at PJ worked very hard to make this school year "Picture Perfect." They were very dedicated to supporting the students. Many teachers participated in Spirit Week events and wore t-shirts and caps of their favorite teams. Some wore red, white, and blue to show support for the grades they taught. Hippy Day proved to be a real "blast to the past" for some of the teachers. The art classes assisted by creating tie-dyed t-shirts. The office personnel helped make the adjustment to junior high easy and the day-to-day activities run smoothly. The counselors and librarian offered much needed help which made the school year better. The club sponsors and advisors gave freely of their time which allowed the members to enjoy some perfectly fun events and activities. Finally, the principal and assistant principal played major roles in making this school year one filled with some perfect memories which are captured in pictures throughout this book. The perfect picture would not have been complete without the help and support of the faculty and staff at PJ.
